## RICE'S HAWAII TRIP SUCCESS, DESHA MEETING DIDN'T HURT IT

"It is an error to speak of the Desha meeting at Hilo on Thursday night as a failure from the standpoint of those who called the meeting," said W. R. Farrington who returned this morning from a short trip to Hilo.

"I was told by those who got up the meeting that they considered it a success and they of course are the judges of what they expected.

"That meeting, however, failed to draw a number from the Rice meeting which was a very good session both as to point of interest and numbers.

"The meeting called by Mr. Desha and his coworkers was scheduled as an opportunity for the Hilo people to hear the candidates running for legislative offices. It was the first time they had all appeared in a body before the voters. The attendance was informed from several sources was in the neighborhood of fifty to seventy-five.

The attendance at the Rice meeting was over two hundred voters, which we were informed was more than appeared at the meetings held there by other candidates for delegate.

"I should say that Mr. Rice's island trip was very successful. He was well received even in the admitted stronghold of those opposing him and his straightforward talk on the work he believes the delegate should do and that he is ready to do appealed to the good judgment of all citizens. He took occasion to puncture some of the falsehoods published in the most recent issue of Mr. Desha's paper, but devoted his principal arguments to a presentation of the territory's situation in Washington. He pledged that he would stay on the job and work for the people whenever Congress is in session and the opportunity offered at any other time to work for the general welfare of the territory.

## Personal Mention

GEORGE P. DENISON was numbered with the returning passengers from the island of Hawaii in the steamer Mauna Kea.

GEORGE F. HENSHALL, editor of the Hilo Tribune, with Mrs. Henshall and son, was an arrival from the big island in the steamer Mauna Kea.

SENATOR J. J. COKE, Mr. Coke, Mr. and Mrs. H. P. Wood, Jeff McCann and Ebert J. Botts are among the returning passengers on the steamer Mauna Kea, which will arrive in Honolulu next Tuesday morning. Reports received by the Promotion Committee are to the effect that the Mauna Kea is crowded.

CARL ELSHNER, the local German scientist who recently returned from Fanning Island, where he investigated phosphate deposits, will leave for Laysan, Necker and Bird Islands in the revenue cutter Thetis next week to carry on scientific investigations. He was granted permission to make the trip in the Thetis by the treasury department.

JOSHUA D. TUCKER, commissioner of public lands, Superintendent C. R. Forbes and assistant Superintendent A. C. Wheeler of the public works department leave on the Mauna Kea this afternoon for Hilo to make a tour of the Big Island. They will inspect homestead roads and the various piers and landings along the coast and may be absent from Honolulu a week or ten days.

ROBERT W. SHINGLE of Honolulu is now in New York City awaiting the arrival of his brother, Fred Shingle, from Europe. The latter was married in St. Maurice, Switzerland, when hostilities began in Europe, and it was with considerable difficulty that he made his way through Paris to the coast. Upon his arrival in New York the brothers will proceed to San Francisco where they will visit their mother.

### FOREIGN-BUILT SHIPS OF U. S. REGISTRY MAY RETAIN WATCH OFFICERS

"President's order issued today under Section 2, ship registry act of August 18, 1914, provides that all foreign-built ships which shall be admitted to United States registry under said act, may retain the watch officers employed thereon, without regard to citizenship, for seven years from this date, and such watch officers shall be eligible for promotion to any vacancy occurring among such watch officers within two years from this date.

"These positions may be filled without regard to citizenship, but any vacancies which may occur thereafter shall be filled by a watch officer who is a citizen of the United States.

"Further, the order provides that any foreign-built ship engaged in coastwise trade and which is admitted to United States registry under said act are hereby suspended for two years from this date.

The foregoing cable despatch, signed by G. O. Davis, collector of customs in San Francisco, this morning was received by Raymer Sharp, acting collector of customs for Honolulu. The message was forwarded from Washington, D. C., to San Francisco by E. T. Chamberlain, commissioner of navigation, with instructions that Honolulu and Pacific coast collectors be informed of its contents.

An American automatic telephone system has been established in Simla, the summer capital of India.

## CHILLINGWORTH WON'T SUPPORT LANE, IS RUMOR

(Continued from page one)

hio declaring that he will not support John C. Lane and is now working against Lane, and some other supporters of the prince are also going to knife Lane in the primaries. That is

William E. Miles, Democratic campaign manager, who denies report that Mayor Fern will support Kuhl.

how the story started that Kuhl was not going to support Lane but would turn his strength to Fern.

The cause of the reported break between Chillingworth and Lane is not definitely known. The explanation in political circles is that Lane acted as interpreter at a meeting while an opponent of Chillingworth for the senate was speaking and that this caused the estrangement between Chillingworth and Lane.

## GOOD DINNER AND GOOD MUSIC; LIFE'S CHARMS

The management of the Waikiki Inn will serve an excellent dinner Sunday night between 6:30 and 9 o'clock. With it there will be a program of music that will delight the patrons of this famous hostelry. In honor of Labor Day, a special dinner and dance will be given on Monday night.—Adv.

### NO COMPANY, H. SHOOT.

There will be no rifle practice for Company H of the National Guard tomorrow, the Kakaako range not being available.

## LOCAL AND GENERAL

On Labor Day the Bishop Museum will be open to the public as usual.

Judge Ashford said today he probably would name the appointee to the position of Chinese interpreter in the first circuit court next Tuesday morning. There are three applicants, all of whom have been given a fairly thorough test on qualifications for the work.

Circuit Judge Ashford stated today that the discussion on the constitutionality of the indeterminate sentence act by amici curiae in his court, which yesterday was postponed to next Saturday, has been advanced a day because next Saturday will be a territorial holiday, the date of the primary. The argument will be heard on Friday, September 11, at 2 p. m.

As guests of George R. Clark, the governor's private secretary, a party of four is leaving Honolulu this afternoon on Clark's power sampan for a fishing and hunting trip on Kahoolawe. In the party, besides the host, are Superintendent H. W. Kinney, of the department of public instruction, Vernon Gedde, Elmer Davis and Richard Clark. The expect to return Monday night.

Superintendent C. R. Forbes of the public works department today awarded to the Lord Young Engineering Company the major portion of the contract for supplying material and doing the construction work on the roads in the Auwalolimu district. The contract figure for the amount to be done by this firm is about \$42,000. M. Picanco gets the contract for the job on the upper Puowaina Drive, at a total figure of \$2780.50.

## A Message On "Safety First"

The good news of Safety First has reached every tire user, direct from the Goodrich factory, where Safety First is fundamental in tire construction.

### The accepted standard

When a tire becomes the accepted standard there is something back of that. The Goodrich Safety Tread is the one by which all safety treads must be judged.

Five bars and a crossbar—the Safety First symbol—are what you should look for. The thick, tough Goodrich rubber fingers dig right down into the solid road, through mud, snow and slush. They grip and help you to steer. They make the brake effective, and they are with you a long time.

## Goodrich Safety Tread Tires

Best in the Long Run

Safety must go deeper than the tread. It must be made into the tire. Goodrich Tires are built on a foundation of safety. Nothing but the finest fabric and the best rubber and the most efficient workmen can combine successfully in Goodrich Unit Molding. Don't take chances unnecessarily. Secure and insure Safety First for your car and its occupants by equipping at least the rear wheels with Goodrich Safety Tread Tires.

Don't pay more than the prices given here for the accepted standard non-skid and smooth tread tires

Size	Smooth Tread Prices	Safety Tread Prices	Size	Smooth Tread Prices	Safety Tread Prices
30 x 3	\$11.70	\$12.65	34 x 4 1/2	\$33.00	\$35.00
30 x 3 1/2	15.75	17.00	35 x 4 1/2	34.00	36.05
32 x 3 1/2	16.75	18.10	36 x 4 1/2	35.00	37.10
33 x 3 1/2	23.55	25.25	37 x 5	41.95	44.45
34 x 4	24.35	26.05	38 x 5 1/2	54.00	57.30
